Introduction

This Bulletin is being issued to provide notification of the planned retirement and Manufacture Discontinue of the following:

- Digital Mobility Handset 7420 product

Prior to the Last Time Order Date, Nortel strongly encourages Customers to purchase Digital Mobility Handset 7430 and 7440 products which offer improved functionality.

Definition

Manufacture Discontinue (MD) – This notice serves as formal communication of Nortel’s intent to MD the product(s) noted. No further orders will be accepted as of the Last Time Order Date shown above and no further shipments made after the product has been discontinued. The MD of these products should not be interpreted as the discontinuance of any Nortel agreements to support the existing field population. Services to the existing product base will continue to be provided until the End of Life (EOL) date shown above.

Related Product and Sales & Marketing Bulletins

None

Customer Actions

Customers are encouraged to purchase the Digital Mobility Handset 7430 and 7440 products which offer improved, more rugged designs as compared to the 7420 Handset. The product with features most directly similar to the 7420 is the Handset 7440. For further feature comparison, please visit the Digital Mobility portfolio at <http://www.nortel.com> for more information.
